

# MORE THAN A ROOF

Donation Appeal for the Roof Project Zeppi 25 (House 2)

 **FIRST IN BRANDENBURG**

 **SELF-ORGANIZED**

 **NO STATE FUNDING**

## WHAT IS THE RECC?

The **Refugees Emancipation Community Center** is a unique, self-organized housing project in Potsdam West. Here, refugees from many nations live together entirely without state support. It is a powerful model for integration, self-determination, and dignity.

## URGENT SITUATION

The temporary plastic roof on House 2 has reached the end of its lifespan after two years. A permanent, sustainable solution is no longer a future need—it is an **immediate necessity** to preserve this vital shelter.

## WHAT WE NEED

All physical work is being done completely by volunteers. The project started on Monday, June 1st, and will take 5–6 weeks.

**Target for Materials & Logistics:**  
approx. \$62,000
